

Remarks

In the Notice of Non-Compliant Amendment mailed June 6, 2006 the Examiner noted that an error had been made in the Listing of claims in that originally filed claims 15-23 originally in the application were not included in the Listing of Claims and that Attorney's replacement of cancelled claims 1-14 with new claims 15-22 was improper since claims 15-23 remained pending in the application. Accordingly, Applicant herewith submits a substitute amendment correcting these oversights. The new amendment cancels claims 1-23 as originally filed and substitutes therefor new claims 24-31.

Entry of this corrected substitute amendment is respectfully requested. Applicant herewith expresses his appreciation for the Examiner pointing out the errors in the earlier submitted documents.

Respectfully submitted,
